

# Residential Scroll Compressors

## Drop in replacement compressors

ARRCO Remanufactured compressors are remanufactured and designed to be a drop in replacement for many scroll Manufacturers Including:

- Emerson/Copeland Scrolls
- Danfoss Scrolls
- LG Scrolls
- Reciprocating
  - Many times a scroll compressor can be dropped in as a replacement for a reciprocating compressor with minimal piping adjustments.
- Same 7.5" x 7.5" Footprint for mounting as other brands.
- Same Piping Configuration as Emerson/Copeland Scroll
- Solid copper fittings decrease the time it takes to braze each compressor into the system.

## Compressor Cross Reference Example

ARRCO Compressors	Emerson/Copeland
<b>AR26KP-BFV</b>	<b>ZR26KE-PFV</b>
<b>AR36KP-BFV</b>	<b>ZR36KE-PFV</b>
<b>AA31KP-BFV</b>	<b>ZP31KE-PFV</b>
