

# RESCUE<sup>®</sup> SELECT

## TRUCK STOCK ECM BLOWER MOTOR

### ECM BLOWER MOTOR

THE ECM AFTERMARKET MOTOR THAT REPLACES OEM CONSTANT TORQUE BLOWER MOTORS

## FEATURES

- 600 - 1050 RPM
- Comes pre-programmed with standard settings.
- May also be reprogrammed to more closely match OEM performance. Please contact your PEMS Salesman or Customer Service Representative for details.
- Replaces X13<sup>®</sup> and SelecTech<sup>®</sup> constant torque ECM motors.
- Patented high efficiency design with smooth, quiet start up.
- Wired to the OEM equipment using the equipment's existing connections for ease of installation.
- 6,000V surge protection (more than double the protection of many OEM motors).
- Fully potted electric module for superior moisture protection.
- Can be mounted using OEM belly band mounting system.
- 2 year warranty from date of installation.
